

Plainly, please do not allow Sinclair Broadcast Group to overstep their bounds and violate the electoral process.

As an American citizen, I am outraged over Sinclair's order to their stations to pre-empt regular programming to air "Stolen Honor" - a blatant smear attack on John Kerry. Sinclair stations use public airwaves free of charge, and are required by law to serve the public interest. One-sided programs, like "Stolen Honor", do not serve the public interest and are harmful to our democracy.

Many thanks for your attention in this matter,
Shelley Black
